

INVITATION ONLINE EVENT 11.03.2021

Loans on Honor: a comprehensive mechanism to foster development by supporting MSMEs (the session in English is a simultaneous interpretation of the main one in French)

ABOUT THE ICR FACILITY

The ICR Facility is co-funded by the European Union (EU), the Organisation of African, Caribbean and Pacific States (OACPS) under the 11th European Development Fund (EDF), together with the German Federal Ministry for Economic Cooperation and Development (BMZ) and the British Council. It is implemented by GIZ, the British Council, Expertise France, and SNV.

The ICR Facility supports specific and targeted interventions at the economy-wide, sectorial and value chain level with Technical Assistance for up to 90 days based on requests. Requests can be handed in by OACPS public and private stakeholders according to the eligibility requirements. The ICR Facility offers Technical Assistance in the field of Business Environment Reform for inclusive and sustainable economic development on the basis Public-Private Dialogue.

In ACP countries, a large number of companies and especially the smallest and the youngest, are struggling to find the financing they need to grow, despite a general awareness of their crucial role in job creation and economic development.

In recent years, solutions have emerged by combining both support and financing. The Prêts d'honneurs/ Loan on Honor mechanism is one of these solutions that has gradually developed in Africa, in particular through decentralized cooperation projects.

This webinar will propose to discuss the potential of the Loan on Honor mechanism in the economic development of emerging territories thanks to its financing instrument as well as its support levers for entrepreneurs and territorial animation. We will also discuss the conditions for the development of Prêts d'honneurs in ACP countries and the role of public authorities in integrating this device into their policies for promoting entrepreneurship and supporting business creation.
